

Application to join Radio Wulfrun

Dear Volunteer

Thank your interest regarding Radio Wulfrun.

I think you should know that all Potential Volunteers joining the station do so on a three months trial period. During that time they are trained as Programme Assistants, which consists of visiting the wards and collecting requests from patients and staff. Upon on returning to the station, you would sort out requests and find Records, CD's etc for the Presenter to play. During this trial period the Trainee would not be considered for any other position within the station, such as Presenting.

At the end of the trial period, and providing the Committee is satisfied with their performance, then they would be trained in whatever they would like to do at the station. However during that trained period, they would still be expected to do their wardwalking.

At the heart of our Programming are Request Shows, and so we place great emphasis on all staff being trained as Programme Assistants.

If after reading the above you are still interested in joining please complete the enclosed Application Form and return it to the above address. We will then apply for your references and once these have been received and are satisfactory, we will contact you again for an informal interview.

Yours sincerely

Richard J Stanton

Chairman
